Action: First Vote to End the War to Take Place Within Hours

Act for Change - In just a few hours, the House is going to have an up or down vote on bringing the troops home in 2007. Rep. Jim McGovern of Massachusetts has proposed H.R. 2237, which mandates the redeployment of American military forces and defense contractors out of Iraq, beginning within 90 days of the passage of the bill.

Please call either office and ask your legislator to vote for Jim McGovern's HR 2237 to End the War! (if you have time, see the petition at Working Assets as below--but if you can, call!)
