Peace, Earth & Justice News Archives to 1996

PEJ News: Librarians, academics, activists, researchers and information fanatics rejoice: PEJ News Archives are now available online going right back to the beginning in 1996...

*** 2002 TO 2004 ARCHIVES NOT COMPLETE AT THIS TIME ***

These extensive email PEJ Archives record something different from the stories on this web site, capturing the stories selected for email distribution, and other interesting news that neither made the web site nor email subscribers, yet caught the attention of the PEJ News Senior Editor.

Unfortunately these email PEJ Archives are currently available only as Eudora email box (MBX) and table of content (TOC) files. The MBX files can be read by any text editor (e.g. Wordpad). The TOC files are of use only if you intend to stuff these files into a Eudora email program. The MBX files can be as large as dozens of megabytes, so it is best to pick them up by right-clicking on the link and choosing "Save Target As". Be patient. It can take a while to download 30 Mb.

If any information hounds out there are able to convert these files to a more useful format, please [email](#) them back to PEJ.

Web 2004 to Present -- Search the web archives from the top left corner of any web page.

Many stories published on the web since 2004 are not included in the email PEJ Archives. So the email Archives are different than that which you can search on this web site, although many stories can be found on both.

Email 2004 -- Eudora [Mailbox](#) (20.8 Megabytes) and Table of [Contents](#) (362 K)

Email 2003 -- PEJ [Mailbox](#) (44.1 Mb) and [Contents](#) (713 K)
