Shock and Awe march 2003

US MUST ELIMINATE ITS CONTRIBUTION TO GLOBAL INSECURITY AND FURTHER TRUE SECURITY: COMMON SECURITY

The Global Community could stand in support of global common security or be coerced into supporting the US in its long standing and accelerating contribution to global militarism and global insecurity. Common security can only be achieved if there is a concerted international effort to eliminated the complexity and interdependence of the actions that have led to global insecurity

Actions by the US, and other states, by corporations, by institutions, and individuals have provoked directly or indirectly conflict around the world that have increase global insecurity.

The US administration and US corporations aided and abetted by institutions and individuals, have contributed to global insecurity

(i) Engaged in covert and overt "Operations" against independent states; from "Operation Zapata", and "Operation Northwoods" against Cuba, through "Operation Condor" in Chile, through years of euphemistic operations such as "Operation Just Cause" against Panama and more recently "Operation enduring freedom" against Afghanistan, and "Operation Iraqi Freedom" against Iraq

(ii) Promoted the spread of Evangelical Christianity around the world, undermining local indigenous cultures, and instilling fear through the dangerous, and absurd belief in the "rapture", "Armageddon" and "left behind" and denigrating other established beliefs and practices and catered to the fundamentalists inspired by Ed McAteer, recently raptured, who in 1983 stated that "nuclear weapons are part of God's design; and promulgated "premillennial dispensationalism "end times" scenario which has serious irreversible consequences.

(iii) Propped and financed military dictators that furthered its vested national interests and targeted and assisted in the assassination of leaders of other sovereign states, who interfered with US national interests.

(iv) Continued to maintain over 750 military bases in sovereign states around the world, and to circulate nuclear powered or nuclear arms capable vessels throughout the world, and to berth these vessels in urban ports

(v) Produced weapons of mass destruction such as nuclear, chemical, and biological, in defiance of the global commitment made at Stockholm in 1972 to eliminate the production of weapons of mass destruction.

(vi) Opposed disarmament, and profited more than any other country on the sale of arms

Recognizing the impact on development of enormous amount of material and human resources expended on the arms race

...In this respect special attention is drawn to the final document of the tenth special session of the General Assembly, the first special session devoted to disarmament encompassing all measures thought to be advisable in order to ensure that the goal of general and complete disarmament under effective international control is realized. This document describes a comprehensive programme of disarmament, including nuclear disarmament; which is important not only for peace but also for the promotion of the economic and social development of all, but also for the promotion of the economic and social development of all, particularly in the developing countries, through the constructive use of the enormous amount of material and human resources otherwise expended on the arms race (Par 13, The Nairobi Forward Looking Strategy, 1985)

(vii) Planted land mines throughout the world, and failed to sign and ratify the

Convention for the Banning of Land mines in disregard of the 1981 Convention on Prohibition or restriction on the Use of Mines, Booby Traps and other devices;

Undertake to work actively towards ratification, if they have not already done so, of the 1981 Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects, particularly the Protocol on Prohibitions or Restrictions on the Use of Mines, Booby Traps and Other Devices (Protocol II), with a view to universal ratification by the year 2000

(viii) withdrew from the ABT treaty and the Nuclear Non Proliferation Treaty, and not only failed, as a nuclear arms power, to reduce nuclear weapons as agreed under Article VI but also has resumed development of nuclear weapons (Article VI: commits all parties to pursue negotiations in good faith on measures to end the nuclear arms race and to achieve disarmament.) and failed to link civil nuclear energy with the development of nuclear arms, and rejected a prohibition of the use or threat of use of nuclear weapons would be a step towards the complete elimination of nuclear weapons leading to general and complete disarmament under strict and effective international control (draft Convention on the prohibition of the use of nuclear weapons A/RES/38/75, 1983)

(ix) Used weapons such as Depleted Uranium and cluster bombs that would be prohibited under the Geneva Protocol II Prohibiting or restricting use of certain conventional weapons which may be deemed to be excessively injurious or to have indiscriminate effects

□ Recalling with satisfaction the adoption, on 10 October 1980, of the □ Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects, together with the Protocol on Non-Detectable Fragments (Protocol I), the Protocol on Prohibitions or Restrictions on the Use of Mines, Booby Traps and Other Devices (Protocol II) and the Protocol on Prohibitions or Restrictions on the Use of Incendiary Weapons (Protocol III) (United Nations Resolution, 38/71, 1993)

(x) Continued to support NATO'S first strike policy, and uses its control over NATO to circumvent the United Nations, and opposed the disbanding of NATO

(xi) □ Perceived justice in terms of revenge through military intervention rather than seeking justice from the International Court of Justice, and misconstrued Art 51 (self-defence) of the Charter of the United Nations to justify premeditated non-provoked military aggression engaging in the illegal act of invading against Afghanistan

Article 51

Nothing in the present Charter shall impair the inherent right of individual or collective self-defence if an armed attack occurs against a Member of the United Nations, until the Security Council has taken measures necessary to maintain international peace and security. Measures taken by Members in the exercise of this right of self-defence shall be

immediately reported to the Security Council and shall not in any way affect the authority and responsibility of the Security Council under the present Charter to take at any time such action as it deems necessary in order to maintain or restore international peace and security. The fundamental purpose of the Charter of the United Nations is to prevent the scourge of war. Chapter VI --peaceful resolution of disputes of the Charter, provides the means to prevent war, including the application of article 27-the requirement for parties to a conflict to abstain from the vote, and the requirement under article 37 to take potential situations of conflict to the International Court of Justice

(xiii) Misconstrued prevention of war by adopting a policy of pre-emptive/preventive attack to aggressively attack sovereign states that are designated as being on the axis of evil, by illegally invading Iraq in violation of the UN Charter article 2 and international law and has committed the supreme international crime of a war of aggression

The fundamental purpose of the Charter of the United Nations is to prevent the scourge of war. Chapter VI of the Charter, provides the means to prevent war, including the application of article 27-the requirement for parties to a conflict to abstain from the vote, and the requirement under article 37 to take potential situations of conflict to the International Court of Justice

(xiv) Attempted to undermine the international resolve to prevent the scourge of war by intimidating or offering economic incentives in exchange for support for military intervention; the US continually cajoles, intimidates, and bribes other members of the United Nations) and intimidated the members of United Nations General Assembly into not holding an emergency session of the UN General Assembly under the Uniting for Peace resolution

The UN Security Council which is an affirmative action program for nuclear powers violate the fundamental principle of the sovereign equality enshrined in the UN Charter should be dismantled. Chapter VII, removed, and the role of the UN General Assembly should be strengthened, and the use of the Uniting for Peace resolution to prevent the scourge of war, encouraged. The Unitung for Peace Resolution state the following;

1. Resolves that if the Security Council, because of lack of unanimity of the permanent members, fails to exercise its primary responsibility for the maintenance of international peace and security in any case where there appears to be a threat to the peace, breach of the peace, or act of aggression, the General Assembly shall consider the matter immediately with a view to making appropriate recommendations to Members for collective measures, including in the case of a breach of the peace or act of aggression the use of armed force when necessary, to maintain or restore international peace and security. If not in session at the time, the General Assembly may meet in emergency special session within twenty-four hours of the request therefore. Such emergency special session shall be called if requested by the Security Council on the vote of any seven members, or by a majority of the Members of the United Nations; (1951, Uniting for peace resolution)

"... to protect mankind [humanity] from the scourge of war, to prevent the recurrence of aggression from any source, and to combat all propaganda which is either designed or likely to provoke or encourage any threat to peace, breach of the peace, or act of aggression;

(xviii) Failed to reduce their military budget and reallocate military expenses and transfer the savings into global social justice as undertaken through numerous UN Conference Action Plans and UN General Assembly Resolutions. (The US spends over 500 billion per year on the military and is the major exporter of arms);

(xix) Demonstrated disdain for the international rule of law, and refused to accept the jurisdiction or decision of the International Court of Justice;

"... Category of domestic terrorists, left-wing groups, generally profess a revolutionary socialist doctrine and view themselves as protectors of the people against the "dehumanizing effects" of capitalism and imperialism. They aim to bring about change in the United States through revolution rather than through the established political process."

"Anarchists and extremist socialist groups -- many of which, such as the Workers' World Party, Reclaim the Streets, and Carnival Against Capitalism -- have an international presence and, at times, also represent a potential threat in the United States. For example, anarchists, operating individually and in groups, caused much of the damage during the 1999 World Trade Organization ministerial meeting in Seattle."

"Special interest terrorism differs from traditional right-wing and left-wing terrorism in that extremist special interest groups seek to resolve specific issues, rather than effect more widespread political change. Special interest extremists continue to conduct acts of politically motivated violence to force segments of society, including, the general public, to change attitudes about issues considered important to their causes. TO ACHIEVE GLOBAL COMMON SECURITY, THE GLOBAL COMMUNITY MUST HAVE THE RESOLVE TO ERADICATE AND ELIMINATE THE US ACTIONS THAT HAVE LED TO GLOBAL INSECURITY.

□ The US must instead Further GLOBAL COMMON SECURITY

True security- is not "human security" which has been extended to "humanitarian intervention" and used along with the "responsibility to protect" notion to justify military intervention in other states.

True security is common security and involves the following objectives:

•□ to promote and fully guarantee respect for human rights including labour rights,□ civil and political rights, social and cultural rights- right to food, right to housing, right to universally accessible not for profit health care system , right to education□ and social justice;
