**Concerned About Homelessness in Victoria? Visit [ourwayhome.ca](http://ourwayhome.ca)**

**PEJ News -Victoria Steering Committe on Homelessness** - For most of us, finding our way home is not a difficult task. However, for many members of our community, finding a home is a continued search that involves many hardships and obstacles. The Victoria Steering Committee on Homelessness (VSCH) is working towards solutions to address homelessness in Greater Victoria. Our committee comprises representation from a wide variety of community and government organizations. This website provides information and resources about homelessness in the Capital Regional District, including ways to find help and to offer help. It also highlights the local agencies and initiatives that are assisting our homeless and solutions to end homelessness. Together, we can help our homeless find a way home.
