### **Bush becomes dictator**

- Free Press media release Mar 14/05

On Sunday, the New York Times reported that at least 20 federal agencies have made and distributed pre-packaged, ready-to-serve television news segments to promote President Bush's policies and initiatives.

Congress' Government Accountability Office determined that these "video news releases" were illegal "covert propaganda" and told federal agencies to stop. But last Friday, the White House ordered all agencies to disregard Congress' directive.
